A Reliable Water Technology Ecosystem

PT Gemilang Tirta Internusa is the official licensing entity for premium imported water pump systems and water technology brands in Indonesia. Water flows through everything homes, industries, cities, and progress itself. But behind every reliable flow, there is something unseen: A system that works. A pump that performs. A technology that doesn't fail.

Revisi copy Multipage bagian isi:

PT Gemilang Tirta Internusa is the official licensing entity for premium international water technology brands distributed in Indonesia. Working in strategic partnership with PT Benteng Mas Perkasa, we ensure authenticity, compliance, and world-class standards across every product delivered to the market.

Authenticity You Can Trust

Every pump and water system is officially licensed no compromise, no uncertainty.

Performance That Matters

Built for real-world applications across industrial, commercial, and residential sectors.

A Network That Delivers

From Jakarta to remote regions, our distribution ensures availability when it matters most.

Experience Behind Every System

Backed by PT Benteng Mas Perkasa's legacy since 1987 in water pump distribution and solutions.
